Corns Quit, Pains Stop, With "Gets-It"

Quit Plasters, Salves and What-Not.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corns?" "GETS-IT" is the first sure, certain corn-ender ever known.

If you have tried other things by the score and will now try "GETS-IT", you will realize this glorious fact.

You probably are tired sticking on tape that won't stay stuck, plasters that split themselves right onto your corn, contraptions that make a bundle of your toe and rise up down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere. 25c. a bottle, or sent direct by H. Lawrence & Co., Chicago.

"GETS-IT" is sold in St. Johnsbury by C. C. BIRKHAM, CHAS. SEARLES & CO., FLINT BROS.
